### Ways to Submit Bills

Within the Provider Portal, you can perform a number of tasks, including bill submission. There are multiple ways to submit bills via the Provider Portal (Direct data entry and uploading EDI Batch files), as well as electronically through a Secured FTP folder.

1. Select the **On-line Bills Entry** hyperlink to enter bills directly in the System from the provider portal.  
**Note:** Documents can be attached using this method.
2. Select the **Submit HIPAA Batch Transaction** hyperlink to submit EDI batch files.  
**Note:** Allows a maximum file size of 50 MB.
3. The third way to submit bills is by using a secured FTP Folder.  
**Note:** It's recommended to limit the file size to less than 100MB using this method. This method requires the use of an SFTP client (ex. WinSCP). Documents can be attached using this method. Instructions on SFTP User Setup can be found in the next section.
